Amxminster quality, a color to blend with any room, 27 x 45, \$3.25

#### HOME BUILDERS' HARDWARE CO.

R. N. Barnhill, Manager  
BLAIRMORE ALBERTA

## NOTICE

Night classes in MINING and MINING MATHEMATICS are now being organized in Blairmore.

Any person wishing to attend these classes should advise M. H. Congdon at once.

These classes, as in the past, will be under the supervision of the Blairmore School Board and will be in connection with the Institute of Technology and Art, of Calgary.

## NOTICE

Annual Meeting of Blairmore Community Sports Association will be held to-night, Friday, Sept. 23rd, at 8 p.m., in Oliva Hall. Everybody welcome.

Miss Norma Cox, of Pincher Creek, has resigned the superintendency at the High River municipal hospital, which she has held for about five years.

Rev. Dr. J. W. Woodside, pastor of Chalmers United Church, Ottawa, has been elected to succeed Rt. Rev. Dr. Peter Bryce as moderator of the United Church of Canada.

## VALUABLE BLAIRMORE PROPERTY CHANGES HANDS

An important real estate deal was consummated here during the week, whereby the large building in the block between Sixth and Seventh avenues, known for many years as the Peuchen or McLaren block, became the property of John Kubik, local merchant.

The property is one of the best located and most valuable in town, consisting of a solid brick building, about 50 by 100 feet, two storeys, with spacious stores on the ground floor and offices and suites upstairs.

For quite a number of years one half the ground floor has been occupied by the Blairmore Hardware Co., while the east half was at one time occupied by Callie Brothers, of Macleod, as a furniture store, later as a restaurant, and still later by Safeways. Offices upstairs have been occupied by the customs department, G. J. Tompkins' insurance office and others. The building was erected some twenty-four years ago by W. J. Budd, then manager of the Rocky Mountain Cement Co.

We understand that the new owner is to make many changes in the interior and exterior layout of the building, and may eventually occupy part or all of the ground floor himself.

## MAKING "WHOLE MEN"

The difference between Scouting and every other youth movement is that Scouting is wholesome and all others are partial. Hitler, Mussolini and Stalin don't want whole men for citizens, they want partial men, developed only in a certain way, kept in a servile state and trained to be soldiers. That's why Hitler abolished Scouts within a week after taking Austria.

—Mgr. T. W. Morton, at a Winnipeg Scout leaders' banquet.

## TRY OUR SOCIETY PRINTING

## SEATTLE WEDDING OF INTEREST TO HILLCREST

A quiet wedding took place in the Trinity Episcopal church in Seattle, Washington, when Miss Peggy Stobbs, youngest daughter of Mr. and Mrs. J. D. Stobbs, of Mission City, B.C., was united in marriage to Mr. Launcelot G. Appleby, also of Mission City, Rev. Lewis Bailey officiating.

It is interesting to learn that the parents of the groom, Mr. L. S. Appleby and the late Mrs. Appleby, were married in the same church in 1897.

The bride was given in marriage by her brother, Mr. John Stobbs, and was attended by Mrs. Randolph Appleby, of Dewdney. Supporting the groom was Mr. Arthur Appleby, of Vancouver.

Following the ceremony dinner was served in a private room of the Golden Gate cafe at a beautifully appointed table. The happy couple spent a short honeymoon in Seattle. —Exc.

Mrs. L. G. Appleby was born in Hillcrest, and lived there a number of years. She has a brother and sister at Hillcrest, Mr. Harry Stobbs and Mrs. R. Henderson.

## THIRTY-FOUR YEARS AGO

T. Ede, Blairmore barrister, advocated higher taxes.

The Canadian-American Coal Company's mine at Frank resumed operations following a several weeks' tie-up.

Capt. Beebe was trying to sell a first-class upright piano.

L. W. Kribbs and wife took up residence in a cottage in Blairmore.

J. H. Farmer was doing excellent work as overseer of Frank.

Joe Little was erecting a handsome cottage across the river.

Archie McLeod was building an addition to his residence.

S. J. Watson was about to open a drug store at Coleman.

Blairmore's school tax rate was 8 mills on the dollar, and for the village 4 mills.

T. C. Bruce, of Macleod, was a Blairmore visitor.

Jim Faden made application for a wholesale liquor license in Blairmore; Harry Howard for a liquor license for the Cosmopolitan hotel, "Bo" Drain for the Blairmore hotel, Abe Sparks for the Alberta hotel, Henry Gibeau for a wholesale license at Frank, Ruben Steeves for the Imperial hotel, Frank McDonald & McDowell for the Union hotel, Frank Manuel & Muts for the Frank hotel.

Lacrosse was organized at Blairmore.

Fishing reels were selling at from 50 cents to \$2.50, and lines from five cents to \$4.

Coleman was being advertised by real estate agents as being a non-company town.

Jim Turnbull was president of the Blairmore Local No. 1263 of the U. M. W. of A., with A. J. Fisher as financial secretary.

Latchford, McDougall & Dally, Ottawa solicitors, were seeking business in the Crow's Nest Pass.

Dr. Thomas O'Hagen was resident physician and surgeon in Blairmore, while Dr. Malcolmson looked after the needs of the sick at Frank.

Harry Matheson ran the Blairmore Times and did commercial and society printing.

W. A. Beebe sold real estate and marriage licenses, the former on approval.

A reward of several days in jail will be meted out to the first person caught in the act of marking or damaging the walls of the post office lobby.

Included in a list of names appearing recently in a London newspaper is that of A. L. (Alex.) McDowell, son of Mr. Sam McDowell, of Blairmore, who has been promoted to pilot officer in the Royal Air Force and posted to Warton aerodrome, Kent, England.

## THREE DIE FOLLOWING BUMP AT COAL CREEK

Three lives were lost, two men seriously injured, and two others less seriously, while about twenty were trapped for a time, resulting from a bump at the Coal Creek mine, near Ferlie, on Tuesday afternoon. The accident happened after the morning shift of thirty men had reached the surface, and while the afternoon shift of sixteen miners was on its way underground.

The dead are Thomas Manning, miner, 55; William Brown, miner, 52, and William Green, mine mechanic, 50. All were married men.

## PHYSICAL TRAINING INSTRUCTORS APPOINTED

The government of Alberta, through the department of education and in conjunction with the Dominion-Provincial Youth Training programme, has outlined a plan of promoting

healthful recreational training of all youths between the ages of 16 and 35, married or single, employed or unemployed, and not attending school.

There is, however, no hard and fast rule that allows only those between the given ages to attend the classes, for all adults are welcome. This programme is based upon that of the British Columbia plan, which is proving such a success.

The conditions under which the programme could be started were: the government was to outline and supervise the programme and train and pay a leader to conduct a centre.

The approved leaders for the Crow's Nest Pass division are Miss Isobel McDonald, of Coleman, for the women, and Mr. James Carlson, of Bellevue, for the men. In addition, the community was to provide a suitable hall and the necessary equipment.

The Community hall at Coleman will be used for this purpose, while the Columbus hall at Blairmore will again be the training headquarters.

A three-weeks' training course was taken by Miss McDonald and Mr. Carlson in Edmonton, along with 56 other leaders from different centres in the province, including Mr. L. Pozzi, of Blairmore, vocational leader, under the direct supervision of J. H. Ross, the scheme director.

The purpose of this programme is to provide recreational physical education for all who take part in the courses, which are free. Separate classes for men and women will be held twice weekly during the winter months in Coleman, Blairmore and Bellevue.

With this plan, a new system is evolved, the old gymnastic routine no longer being favored, as the pupil is kept in too rigid positions; and the main object is to acquire grace and flexibility of the muscles. The scheme includes fundamental gymnastics, rhythmic and bench exercises, tumbling, dancing and games.

It is hoped that classes will be held early in October for those interested, but further notices will appear in the press.

## EXPANSION IN ALBERTA

Premier Aberhart continually harps on the fact that a couple of big department stores are being constructed in Edmonton and that Canada Packers are erecting a huge plant there, offering this as evidence that times are good in Alberta, the future assured, and that capital is not afraid of coming to this province.

We are of the opinion that this construction was undertaken in spite of the Social Credit government and certainly not because of it. The long-headed people who invested their money in the ways mentioned, realize that the Aberhart government will not have a long tenure of power and that the province will go ahead, expand and progress when Social Credit is a forgotten and discarded thing.—The Hanna Herald.

## CHARLES H. MCBRATNEY KILLED AT SUNNYSLOPE

Charles Herbert McBratney, 40, farmer of the Sunnyslope district, near Three Hills, died in the Holy Cross hospital at Calgary on Tuesday afternoon, twenty-four hours after he had been brought to the city suffering from spinal injuries received when he fell off a binder.

It is understood McBratney fell backwards off the machine when a rein on the team's harness broke. He was found in the field by his wife who went to look for him when he failed to show up for lunch Monday.

Besides his widow, Mr. McBratney is survived by five daughters. The remains are being laid to rest at Three Hills this afternoon.

Mrs. McBratney was formerly Miss Grace, eldest daughter of Mr. and Mrs. A. W. Robbins, of Blairmore.

## "SUNNY ALBERTA"

When have we had such glorious September weather before?

Each day seems brighter and more enjoyable, and some of them are really hot. The absence of any hard frost has left most of the flowers in full bloom, and many of the gardens are a riot of color.

Some of the sweet pea rows and the glads are outstanding. Harvest weather such as this comes seldom, and the rigs are going full blast. The grain is coming through in splendid condition.

Driving in the district these days, with the fields full of stocks and the changing colors of the trees and bushes, is a delight. There is a special golden quality about the September sunshine that summer sunshines lacks, and each of the days in this chain of warmth and light is another pleasant surprise.

Sometimes the words "Sunny Alberta" seem far from reality, but not in September, 1938. —Red Deer Advocate.

## TRANS-CANADA AIR LINES EXPRESS SERVICE

Winnipeg, Sept. 19.—If it happens you live in Vancouver and wish to send cut flowers from your own garden to friends in Winnipeg, there will be no complaint. In fact, your flowers will be in Winnipeg in less than eight hours.

If it's cash you wish to send, that will be all right, too. Or perhaps a couple of hundred bees.

But if you are considering shipment of a stick of dynamite, or a cylinder of nitro-glycerine, or even such a plaything as a quart of sulphuric acid, you'll have to find some other way of getting it there than by air express.

Air express regulations and tariffs issued recently by Trans-Canada Air Lines in preparation for the regular scheduled service across the West, which started September 19th, listed dos and do nots for agents of the company. It boils down that virtually everything carried by rail express can be transported over the speedier airline routes.

There are certain size qualifications for regular shipments. Packages may be made up to 200 pounds in weight with a girth of 106 inches. Prior to shipment, however, arrangements may be made for the handling of larger packages or those of unusual shapes. The Lockheed 14's boast a cargo capacity of 2700 pounds and carry their express and mail in special compartments in the nose of the machine and under the cabin.

For the shipper, air express will not be less convenient than by rail. Pickup and delivery service has been arranged in each of the main line cities of the west—Winnipeg, Regina, Lethbridge and Vancouver. Feeder line service already is established in Saskatchewan, and is nearing readiness in Alberta.

There will be two nightly trips between Winnipeg and Vancouver. The

"Serve the Church that the Church May Serve You."

## CENTRAL UNITED CHURCH BLAIRMORE

Rev. E. B. Arrol, B.A., Minister

Sunday services—  
11.00 a.m., Senior school.  
2.00 p.m., Junior school.

Evangelistic worship at 12 noon.  
Morning service at 7.30 p.m.

Tuesdays, 7.30 p.m., Prayer Meeting. Fridays, 7.30 p.m., Bible Study.

Strangers and visitors always welcome.

## freedom OF THE PRESS

Governor Costark, of Missouri, is a level-headed man, as becomes a nursery man and fruit grower. Speaking at the University of Missouri's annual dinner recently, he said:

"Many times I see editorials in newspapers that make me want to write a letter to the editor. But, after calm consideration, I always remember the God-sent bill of rights in our charter of liberty, which guarantees a Free Press. Thank God, I can still read free newspapers, whether I agree with what they say or not. If I don't like what a newspaper editor writes, I can make a speech about it. If the editor doesn't like what I say, he can write some more about it."

## Abolition Of Honking

## Disappearance Of Horns From Motor Cars Is Foreseen

The eventual disappearance of horns and horn-buttons from motor cars is foreseen by Public Safety, the magazine of the U.S. National Safety Council, which advocates abolition of honking, not only to increase the public comfort but the public safety as well. Virtually every place where horn-blowing has been abolished has seen a drop in accidents.

Italy has had anti-horn regulations for the longest time and is completely satisfied with them. It is believed the privilege of honking will never be restored there. Anybody who uses his horn in traffic thereby brands himself (or herself) as a second-class (or worse) driver, says Miller McClintock, traffic expert, quoted by the magazine. A good driver in McClintock's opinion, analyzes the traffic ahead of him so no occasion will arise which will require his use of the horn.

## Economical Cattle

## Midget Cows Eat Less But Produce More Milk

Otto Gray of Stillwater, Okla., who started experimenting with an undersized breed two years ago, reported his put-sized animals have surpassed other members of his herd in milk production although they consume only half as much feed. The midgets were developed from an undersized Angus cow and a normal Hereford bull, stand from 30 to 37 inches high and weigh from 450 to 500 pounds.

The comic strip artists won't have to go far for material this autumn, what with those new coffee styles and hat models.

## SELECTED RECIPES

## TART CRANBERRY SALAD

1 package Lemon Jell-O  
1/2 cup sugar  
1 pint hot water  
2 cups raw cranberries  
1 cup diced red apples  
Dissolve Jell-O and sugar in hot water. Chill. Put cranberries through food chopper. When Jell-O is slightly thickened, fold in cranberries and apples. Turn into molds. Chill until firm. Unmold on crisp lettuce or romaine and serve with tart mayonnaise. Serves eight.

## SHORTBREAD COOKIES

2 cups flour  
1/2 cup St. Lawrence or Durham Corn Starch  
1/2 cup icing sugar  
1/2 teaspoon salt  
1 cup soft butter  
2 tablespoons cream  
1/2 teaspoon vanilla  
Cream butter, add sugar, add cream and vanilla, then dry ingredients well sifted together. Drop by teaspoons on greased cookie tin. Press down with tines of fork. Bake in a moderate oven 325 to 350 degrees F. until very light brown.

## Many Will Agree

## That Time Off To Recover From Holiday Is Essential

Legislation for human welfare will never be complete until it embraces provisions for compulsory rest cures for returned summer vacationists, says the Los Angeles Times. A man who aches all over from hauling big fish out of the water and whose imagination and tonality are frayed from telling about the bigger ones that got away can't be expected to hit the ball the day he drags himself back to office, factory or store. A three weeks' rest after a two weeks' vacation would be just about right.

London's telephone clock "Tim," which gives the time to all who call up, earned \$450,000 in tolls last year.

## The Bank Of Canada

## Is Under Full Ownership And Control Of Government

The Bank of Canada, which was nationalized by the Dominion Parliament during its last session, is the central bank of the Dominion. It was established by an act of Parliament in 1934 and began operations in March, 1935. At the outset it was privately owned, though the government controlled the appointment of the Governor. Two years ago the stock of the bank was increased and the government purchased a controlling share. Retiring the privately owned stock gives the government full ownership and control.

The Bank of Canada is the bankers' bank and the fiscal agent of the government. The commercial banking of the country is carried on by chartered banks, which operate under parliamentary charters and are supervised by a government-appointed Inspector-General of Banks.

The chartered banks are ten in number and have nearly 3,400 branches and sub-agencies, distributed throughout the provinces and territories of Canada. In addition, they operate 145 branches in some dozen other countries. The chartered banks have an enviable record for safety, no failure having taken place in the last 15 years.

## France Will Use Buses

If It Is Necessary To Rush Troops From Paris

The "Ligne de la Marne," which helped turn the tide of German invasion 24 years ago, will be replaced with buses if the necessity of rushing troops from Paris ever arises again. The war ministry ordered the Paris Transport Company, owner of the capital's buses, to turn over a number of their regular city buses for use in army manoeuvres.

## SUNDAY SCHOOL LESSON

SEPTEMBER 25

## DAVID: TRIUMPHANT FAITH

Golden text: The Lord is my shepherd; I shall not want. Psalm 23:1.  
Lesson: Psalms 23 and 27.  
Devotional reading: Psalm 101:1-6

PSALM 23—Jehovah is my shepherd; I shall not want.  
2 He maketh me to lie down in green pastures;  
3 He leadeth me beside still waters;  
4 He restoreth my soul;  
5 He guideth me in the paths of righteousness for his name's sake.  
6 Yea, though I walk through the valley of the shadow of death, I will fear no evil; for thou art with me;  
7 Thy rod and thy staff, they comfort me.  
8 Thou preparest a table before me in the presence of mine enemies;  
9 Thou hast anointed my head with oil;  
10 My cup runneth over.  
11 Surely goodness and lovingkindness shall follow me all the days of my life;  
12 And I shall dwell in the house of Jehovah for ever.

PSALM 27—Jehovah is my light and my salvation.  
1 Jehovah shall I fear?  
2 Jehovah is the strength of my life;  
3 Of whom shall I be afraid?  
4 When evil-doers come upon me to eat up my flesh,  
5 Even mine adversaries and my foes, they stumbled and fell.  
6 Though a host should encamp against me,  
7 My heart shall not fear;  
8 Though war should rise against me,  
9 Even then shall I be confident.  
10 One thing have I asked of Jehovah, that will I seek after:  
11 That I may dwell in the house of Jehovah all the days of my life, To behold the beauty of Jehovah, And to inquire in his temple.  
12 For in the day of trouble he will keep me secretly in his pavilion;  
13 In the covert of his tabernacle will he hide me;  
14 He will lift me up upon a rock.  
15 And now shall my head be lifted up above mine enemies round about me;  
16 And I will offer in his tabernacle sacrifices of joy;  
17 I will sing, yea, I will sing praises unto Jehovah.

## Judge Came To Rescue

## Settled Case Between Debtor And Creditor In Satisfactory Way

Judge T. M. Costello conducted so successful a piece of arbitration between a debtor and creditor in division court at Goderich, Ont., that now he owns two cords of wood for which he paid \$48.50—the amount involved in the debt argument. "I can pay it in wood but I have no cash," the unnamed debtor told the proprietor of a baking establishment seeking payment of the debt. "I can't pay my own account with wood," the baker replied. "I want cash."

Then the judge interposed: "Very well. Deliver to me the two cords of wood and I'll pay the money to the baker."

The baker beamed thanks, the debtor grinned his pleasure. Refused in an attempt to check a toothache in a railway station, a Parisian lawyer used the French government in 1907 and won after a 20-year court fight at a cost of 200,000 francs to the government.

## Canadian Films

## London Imperial Institute Wants More For Its Library

Sir Harry Lindsay, director of the Imperial Institute at London, England, appeared in an interview for more Canadian films for the institute's film library which illustrates industries, scenery and other aspects of British Empire countries.

Although Canadian films occupy the largest single section of the catalogue, Sir Harry hopes to obtain more films during his present visit to the Dominion.

Because demands of schools and societies for loan of films far exceed the supply, the institute has not dared to advertise the library's existence as the management knew wider publicity would merely swell the number of disappointed applicants, he said.

## Afraid Even Of Flowers

## Nazis Are Forbidden To Throw Bouquets At Hitler's Car

Germany were not permitted to throw flowers at the motor cars of Adolf Hitler or members of his entourage during the Nazi party rally at Nuremberg. The organizing committee for the gathering decreed: "Throwing of flowers at the Fuehrer's car or cars in his entourage is strictly forbidden, because of the danger arising therefrom for the cars' occupants. Storm Troop cordons must be fully respected. Advancing toward the Fuehrer's car is not permitted in any circumstances, as thereby serious accidents may be caused."

Getta, the traditional wooden footwear of Japan, are staging a phenomenal comeback because of the national economic straits.

"Quit Your Skidding" is the title of a new book issued by a tire company.

The earth travels about 1,600,000 miles a day on its journey around the sun.

## WORLD HAPPENINGS BRIEFLY TOLD

The will of Daniel G. Dodge, filed at Pontiac, Mich., for probate, left \$250,000 to his widow, the former Laurine McDonald.

Officials of the Montreal Chinese Patriotic Society announced \$5,000 had been raised for relief of Chinese war refugees in a charitable campaign.

General Malin Craig, United States army chief of staff, said the army has developed new anti-tank guns, which would wipe out an enemy tank offensive.

Canada is one of the three leading flour-exporting countries of the world. It ranks second to Australia, while the United States is in fourth place.

The estate of Robert F. Scripps, publisher, who died last winter, was valued at \$3,033,567 in an appraisal on file.

Sir Henry Page Croft, Conservative member of parliament, returned to London from a survey of immigration prospects in Canada, hopeful of the possibility of settlement of Britons in British Columbia.

Dominion government employees in Ottawa number 12,845 and their annual salaries amount to \$20,600,000, according to a survey recently completed by the finance department.

A decree signed by King Vittorio Emanuele and Premier Benito Mussolini placed in effect the cabinet decision of Sept. 1 to expel foreign Jews who have settled in Italy since Jan. 3, 1919.

Wheat fed, or to be fed, to livestock and poultry in Canada during the 1937-38 crop season has been estimated preliminary as 18,938,000 bushels, as compared with 15,794,000 bushels in the 1936-37 season.

## Speaks From Experience

Trained Newspaper Man Says Germany's every move, political, social and industrial, is toward preparation for the day when a national emergency may arise, G.S. Williams, motoring editor of the Daily Telegraph, Sydney, New South Wales, Australia, said when interviewed.

Sudeten Germans in Czechoslovakia are looked upon by most Germans as blood brothers ready for assimilation by Germany at the first opportunity. There is no question in the minds of Germans today, Mr. Williams states, but that Hitler plans to annex Sudeten territory whenever he feels the time is propitious.

Only recently out of Germany, where he represented the Royal Automobile Club of Australia at the International Automobile Conference in Berlin, Mr. Williams speaks from long experience as a trained newspaperman and observer. He was taken throughout the length and breadth of Germany as many of their transportation improvements including the thousands of miles of what he describes as the most advanced public highways in existence today.

The people of Germany appear well fed, the Australian visitor explained. This, he said, was a surprise, as he had heard before his arrival in Germany that there was a shortage of food.

It is true, he explained, that they have their meatless, eggless and butterless days. On such days they are satisfied to use substitutes for these foods—meats that their bodies are being trained to assimilate as food for the day when it may be necessary to survive on them.

Manager—"I have summed you up, Brown. When I am not here you are the laziest man in the office."

A bullet-proof vest made of nickel, chromium-molybdenum steel, is being worn by Japanese policemen.

A cucumber four feet one inch long and 1 1/2 inches round has been grown in Vale, England.

## NEWS FROM EDMONTON

(T. B. Windross)

Edmonton, Sept. 19.—Another test of the extent of the Social Credit party's collapse in Alberta has been forced upon the Aberhart government by the death of Charles C. Ross, independent Social Credit member of the legislature for Athabasca and former provincial minister of lands and mines.

Mr. Ross, long known as one of the foremost mining engineers in the dominion, never was a politician. His name was not mentioned during the Social Credit campaign in 1935, but when the Aberhart forces were successful, the new premier asked Mr. Ross to take over the portfolio of lands and mines, on the understanding that he need not dabble in politics against his wishes, but would administer the department from a strictly business and technical standpoint. In order to provide him a seat in the house, the successful candidate in Athabasca resigned and Mr. Ross was declared elected there by acclamation in a by-election, the same day as Premier Aberhart was given his seat in Okotoks—High River by the same method.

After 15 months in the cabinet, Mr. Ross resigned. It was at the time when Hon. Lucien Maynard was being given his portfolio, and it became known later that Mr. Ross had declared he could not remain in a government which accepted Mr. Maynard as a minister. The conversation in the cabinet chamber on one occasion when the issue was being argued—in Maynard's absence—has yet to be disclosed publicly.

Shortly after the resignation of Mr. Ross from the cabinet came that of Provincial Treasurer Charles Cockroft. The Social Credit insurgency broke out a few weeks later, but they took no active part in it, and subsequently refused to sign the "pledge of unity," and were read out of the Social Credit caucus. They continued to sit on the government side of the house, but consistently spoke and voted according to their own opinions. Both men offered to resign their seats and put Social Credit popularity to a test. After Premier Aberhart had reportedly publicly questioned Mr. Cockroft's loyalty to the confidence of his constituents, the former treasurer moved in the legislature that the Recall Act be amended so that a member could be unseated if 10 per cent of his constituents signed a petition against him, instead of 66.23 per cent required by the act as it stood then. Far from accepting the challenge, the government replied by repealing the act altogether when Aberhart was about to be unseated under its terms by his Okotoks—High River constituents.

As the other receiver of an acclamation in a by-election, Mr. Ross got a very different reception from his Athabasca riding. He went up there and interviewed the Social Credit constituency executive last year, and told them that inasmuch as he had been given the seat as a cabinet member, and had since resigned from the cabinet, he felt he should resign the seat. He said, further, that he was an out-cast in the party in Edmonton, and so feared that he could do the constituency no good.

The executive in Athabasca asked him not to resign, but to continue for a time at least.

Again last spring he repeated the

offer to resign his seat; he told the members of the executive that he felt that he not only could do his constituents no good in Edmonton, but that he was actually doing them harm, because anything he asked from the government on their behalf was sure to be refused. The Athabasca representatives, reportedly replied that such a thing did not matter, because the present government was of no use anyway.

About seven weeks ago, Mr. Ross went to Athabasca again. In his pocket he carried a resignation form. He consulted with the members of the executive of the Social Credit association once more, and it was claimed later that every man except one had gone on record asking Mr. Ross not to resign. The one exception, it was stated, was C. H. Tade, the man who was elected to the seat in 1935 and who, upon resigning in favor of Mr. Ross at Aberhart's request soon after the election, became head of the Social Credit league in the province. He lost that position a few months ago.

The sudden death of Mr. Ross last week while visiting in Vancouver now forces a by-election in Athabasca after all. It is known that the government has been hoping for the past year that no such by-election would be necessary, but now it is being rumored that the vote will be called in November. Mr. Tade is expected to be the Social Credit candidate, and may be opposed by a "Unity" candidate alone. The opposition side of the house has won all four of the provincial by-elections which have been held since the Social Credit landslide of 1935.

Other chief developments of last week were two letters sent out by the Aberhart government. One was addressed to the federal government, and complained because a copy or two of the "Case for Alberta," this provincial government's idea of a brief on dominion-provincial relations, and a lot of other things besides, had evidently been given to one or more members of the Howell commission by the dominion government, which had been subjected to an avalanche of 25 copies from Edmonton. Aberhart's complaint did not say so, but it was suggested that there were fears in Alberta that Major C. H. Douglas, the discreetly-distant master-mind, might be gruff with Mr. Aberhart and the rest of them if he ever discovered that a member of the Howell commission had been allowed a peek at the treasure-house of wisdom, after Major Douglas had warned his Alberta disciples to present no brief to any commission not appointed by the same Alberta government.

Mr. Aberhart's other letter was addressed to the premiers of the other provinces, and urged that an inter-provincial conference be held, "without the intervention of the central government," to decide just what ought to be done about Canada. It was not clear just what led the Al-

berta premier to suppose that other provincial governments might be willing, under any circumstances, to follow the type of leadership and degree of administrative ability being demonstrated within this province. Similar overtures which he made last spring to other provinces were rewarded only by chilly silence. His latest letter talks about a conference of provinces to seek national unity—but demands that the one unifying government that the dominion has must be barred from such a conference.

## AN EDITOR'S PRAYER

Blessed are the merchants who advertise, for they have faith in their business, and their prosperity shall increase many fold. Blessed is the woman who sends in a written account of a party or a wedding, for she shall see the details and names of her guests correctly reported. Blessed are those who do not expect the editor to know everything, but who tell him whenever an interesting event occurs in which they are interested, for they shall have a better newspaper in their town. Blessed are they who get their copy in early, for they shall occupy a warm space in the editor's heart. Blessed are they who co-operate with the editor in his efforts in behalf of the community, for their town shall be known to all men, far and wide, as a good place in which to live and do business. Blessed are they who do not think they could run the paper better than the editor runs it—yes, thrice blessed are they, because there are so few of them in the community.—E.S.

Tumbling is one of the gymnastic stumbles in connection with the new Dominion-Provincial Youth Training programme. Having taken no lessons, we tumbled into a bunch of rocks at Cardston River recently with disastrous results. We therefore welcome the new programme.

Prime Minister Neville Chamberlain made his second visit to Hitler in the interest of peace yesterday, but reportedly was successful.

K. G. Craig, LL.B., who recently resigned as sheriff and clerk of the court at Macleod, owing to ill health, has resumed law practice in Macleod. Mr. Craig formerly practiced law in Blairmore.

John T. Barrigan, a highly rated bandmaster from Killam, Alberta,

has been engaged to take charge of the Creston and district brass band, functioning under supervision of the Creston Valley Post of the Canadian Legion, B.E.S.L.

Miss Milda Bond, R.N., who had been visiting her parents here for a few days, returned to Calgary the early part of the week. She was accompanied on her visit to Blairmore by her cousin, Mr. Ed. Bond, of Calgary, formerly of Ottawa.

## When You Have Money to Send by Mail...

use a Royal Bank Money Order. Simple to buy, easy to use—a Money Order can be obtained for the exact amount required at any branch of this bank; then all you have to do is slip it in an envelope and send it off. It is never safe to send cash. Use Royal Bank Money Orders for all your remittances. Royal Bank Money Orders can be used to send money anywhere here in Canada, United States or Great Britain; issued for any amount up to \$100.

## BELLEVUE HAPPENINGS

Mr. and Mrs. Albert Green were Calgary visitors for a few days last week.

Mrs. Robert Shevels was hostess to some forty guests on Friday evening at a delightfully arranged miscellaneous shower that claimed Miss Helen Emmerson, bride-elect of the month, as guest of honor. The first part of the evening was spent at whist, prizes being won by Mrs. Albert Coupland, first, and Mrs. Wm. Cousens, consolation. Following the serving of a dainty lunch, the guest of honor was presented with many beautiful and useful gifts, for which she thanked her assembled friends most graciously. Mrs. Shevels was assisted by her daughter, Doreen, and the Misses Beatrice and Jessie Radford. The party broke up shortly after midnight.

Jess Beal, who has been working at Red Lake, Mackenzie Island, for the past two years, is spending an extended holiday with his mother here.

Mrs. E. Litherland, who has been visiting at the home of Mrs. A. Turner, returned to her home in Calgary on Sunday.

Messrs. James and Fred Radford, Miss Beatrice and Mrs. J. Radford, and Mrs. R. Shevels, were Calgary visitors on Monday.

The two-day carnival held at the arena Saturday and Monday, was largely attended. The R.C.A. Victor radio, valued at \$132, was won by ticket 1280, held by Mrs. J. Rhodes. The dance floor proved quite an attraction, and was well occupied most of the time. Music was supplied by Hoesk's Revellers.

G. W. Cousens returned Sunday from two weeks' vacation spent at Vancouver and Victoria.

The Bellevue United church was the scene of a beautiful fall wedding on Saturday morning at 11 o'clock, with Rev. R. Upton officiating, when Mary Sneddon, eldest daughter of Mr. and Mrs. W. Blyth, of Coleman, was united in marriage to Mr. Vincent Voltrudsky, eldest son of Mrs. V. Ruzek, of Bellevue. To the strains of the wedding march played by Miss Hilda Padgett, the bride entered the church on the arm of her father, who gave her in marriage. She was lovely in a floor-length gown of white satin with accessories, her veil being held in place by a coronet of white flowers. Her bouquet was of carnations and roses. She was attended by her sister, Miss Margaret Blyth, who chose for the occasion a water-blue crepe with white accessories, and carried a sheaf bouquet of gladioli. The little flower girls, Blanche Hovan, of Bellevue, and Margaret Irvine, of Coeman, wore pink and yellow dresses, respectively, and their bouquets were of mixed flowers. The groom was supported by Mr. Joe Brazzoli. Following the ceremony, a few immediate friends and relatives attended the wedding dinner at the home of the groom's mother. The happy couple left on the midnight bus for Calgary and Banff, and upon their return will take up residence in Kimberley, B.C., where the groom is employed with the Kimberley Trading Company.

Messdames W. Cox, E. Cole, A. Penman, J. Cousens and W. Prescott were hostesses to about 100 friends in the Ukrainian hall on Tuesday evening, when they entertained at a miscellaneous shower in honor of Miss Helen Emmerson, bride-elect of the month. The evening was spent at bingo, which caused much merriment. Following bingo, a delicious luncheon was served. Tables were attractive with garden flowers and bowls of fruit. A mock wedding then took place, at which Jeanette MacDonald and Clark Gable were the principals. The guest of honor was then presented with a basketful and wondrous of beautiful and useful gifts, for which she most graciously thanked her friends in her customary delightful manner. The party dispersed about midnight with the singing of "Auld Lang-Syne" and "For She's a Jolly Good Fellow."

**"You're going on a long journey ... EAST!"**

**The Eastern Industrial Worker is one of the West's Best Customers**

That tearful cow will have lots of company on its long trek East: 175,704 other head of cattle for instance, 21,144 calves and 41,557 hogs — these figures representing Eastern consumption of Western livestock in 1936. Besides these huge shipments on the hoof, Eastern industry consumed more than 80,000 tons of Western fresh dressed meats; 10,000 tons of butter, 6,000,000 pounds of poultry and over 50,000,000 eggs; the whole bringing a total revenue of over \$40,000,000 to the Western producer.

The Eastern industrial worker is one of the West's best customers, but he can remain so only when actively employed. Your purchase of a Canadian-built car helps keep him, and his fellow-workers in the parts, steel, paint, glass, chemical and other industries — on the payroll; puts them all in a position to buy more of your goods.

**AUTOMOTIVE INDUSTRIES OF CANADA**

## Sir Edward Beatty Becomes Freeman of Cranbrook

When Sir Edward Beatty, G.B.E., K.C., LL.D., chairman and president of the Canadian Pacific Railway, attended Cranbrook's Pioneer Reunion, Friday, September 9, he received the freedom of the city and heard himself extolled as an outstanding Canadian and head of the company which 40 years ago forged the Crow's Nest Pass link of its great railway system into the rich Kootenay country. Sir Edward is seen receiving a silver tray commemorating the occasion, from Mayor T. M. Roberts. On Sir Edward's left is Judge G. H. Thompson who swore him in as a freeman of the bustling East Kootenay city. Ross H. McMaster, of Montreal, director of the Canadian Pacific Railway, is at the extreme left of the picture. This, the third ceremony of its kind in which Sir Edward has participated, Saint John and Vancouver having previously conferred the freedom of their cities, was a joint tribute to Sir Edward and to the pioneers of the road, many of whom were present to see the brilliant ceremony and to hear their own work of four decades ago praised.

## INDUSTRY PLAYS ITS PART

The oil industry cannot be accused of any laggardness in its efforts for welfare of the automobile owner. It has to see that not only do the brand new cars and their latest equipment run properly, but that the old gadgets also run to their satisfaction.

At times, also, the oil industry has had to contend with over ambitious ideas of automobile manufacturers, such for instance, as in the case of free wheeling lubrication, where the automobile engineers overlooked the lubrication problem.

Engineers are more and more trying to save oil in the car. In this undertaking the oil industry has been actively participating by improving its oil. All of this improvement means more miles per gallon.

The situation suggests a closer and more sympathetic co-operation between the two chief industries. Such co-operation could go a long way toward developing a defense against political interference with motor fuel standards.

## MADMAN RULE

It is pitiful to think that our rehabilitation and the rest of the world finally rest on the will of mad German triumvirate — Hitler, Goebbels and Goering. Until they are deposed the productivity of the world will continue to be largely given over to implements of destruction instead of the creation of wealth for all mankind. The fear of Germany throes economic disorder, as in Austria. We need a change in this quarter so that the machinery of production can function once more for the benefit of all. — Charles Benedict, in the Magazine of Wall Street.

## ABUSE OF FINANCIERS

Consider it a Sunday lost when Premier Aberhart does not flay the financiers. The Review holds no brief for the financial interests, but what we would like to see Alberta do is to connect with some real money at two per cent interest and put its affairs in proper shape and then let Alberta get on with the work for which a province functions. Abuse never gets one anywhere, but honest dealing and honorable compromise will accomplish the desired end. While the economic order will, without a doubt, undergo a change, it will not take place overnight, and meanwhile Alberta should not be held back through nonsensical endless argument. — Drumheller Review.

## SHAW SAYS ALBERTA HAS GROUNDS FOR AID

"In my view, Alberta has grounds for serious complaint, and I think a genuine case for financial assistance and support from the federal government. But Alberta's legitimate claims will never be furthered by pressing the ridiculous and extravagant demands contained in the brief—such unreasonable demands only weaken a just case," declared Joseph T. Shaw, K.C., when he gave a radio talk on "That Alberta Brief" on Friday evening last.

## A NEAR FISH STORY

A guy who recently returned to Okotoks from the Pacific coast, tells a story of the narrow escape he had from the ogopogo. One day, according to him, he was fishing for salmon, just ordinary ones of 25 to 50 pounds, when he felt a tremendous tug at his line and realized that he had something more than the ordinary on the end of it. In a moment he found himself entangled and being rapidly drawn into the sea. He called to his chum for help, who came and caught hold of him, but they both were being drawn in until providentially the rope parted. He caught a glimpse of the salmon, which he claimed would have weighed several hundred pounds. "Talk about fish, boys! Say, go to the coast! In other words, the fish there are the fishermen!"

Through an equinoctial hurricane, accompanied by heavy rains, some 300 lives are reported to have been lost in the New England States, with property damage running into the millions.

TRY OUR SOCIETY PRINTING

## COWLEY HAPPENINGS

Miss A. Wilson has returned to Macleod, after a few days' visit with Mrs. H. Gunn and family.

A dance was staged here on Friday night by the El Hopkins orchestra, of Calgary.

On Sunday last, Andy Kerr had the misfortune to lose his granary, straw stack and a few hundred bushels of wheat by fire, origin of which is unknown.

## HILLCREST HAPPENINGS

Mrs. James Gorton returned Sunday from Edmonton, where she had been visiting her son Jim.

Bill Richards is temporarily employed with the C.P.R. at Lethbridge. Mr. and Mrs. A. W. Hollingshead are rejoicing over the advent of a baby girl.

Mr. and Mrs. N. Bamforth, of Nokomis, Sask., are visiting here with the former's parents, Mr. and Mrs. George Bamforth.

Mrs. S. Richards and daughter Peggy returned home Friday from Vancouver, where they had been spending their summer vacation.

The Hillcrest teachers gathered at the home of Mr. and Mrs. Brushett on Thursday evening last. Cards were played, prizes going to Miss B. Sellon, ladies' first; Miss E. Sharetta, second; C. Richards, gents' first; Miss M. Grant, second. After supper, Mr. Brushett, on behalf of the school, presented Mrs. W. Macleod with a handsome clock in honor of her recent marriage.

Mr. and Mrs. Percy Salt returned Sunday from Calgary, where they had been spending their vacation.

Leonard Adlam, who had been working in B.C. for the past year, returned home Friday last.

Mr. and Mrs. H. Lewis and Mrs. L. Jones were visitors to Macleod last week.

A miscellaneous shower was held in the Catholic hall on Tuesday evening for Miss Pauline Ferstay, a bride-elect. She received many beautiful and useful gifts.

George Bamforth is visiting in Banff.

Miss Katie Daniels, of Blairmore, was a week-end visitor at the home of her mother here.

Mrs. G. Bamforth was a visitor last week with her daughter at Trail, Mrs. A. Mackie.

A birthday party was held last week at the home of Mr. and Mrs. G. Fry, to celebrate the seventh birthday of their twins, Mary and Margaret.

## NOTICE TO CREDITORS AND CLAIMANTS

IN THE ESTATE OF JOHN CHARLES ANDERSON, late of Blairmore, miner, deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named John Charles Anderson, who died on the 19th day of March, 1938, are required to file with the undersigned by the 31st day of October, 1938, a full statement duly verified of their claims and of any securities held by them, and that after that date the executor will distribute the assets of the estate among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to her knowledge.

Dated this 3rd day of September, 1938.

R. F. BARNES,  
Solicitor for the Executor,  
Sep. 9, 1938. Coleman, Alberta.

## NOTICE TO CREDITORS AND CLAIMANTS

IN THE ESTATE OF DIMITRIE WISCHUK, otherwise called DAN WISCHUK, late of Bellevue, in the Province of Alberta, sectionman, deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named DIMITRIE WISCHUK, otherwise called DAN WISCHUK, who died on or about 8th July, 1938, are required to file with the undersigned by 22nd October, 1938, a full statement duly verified of their claims and of any securities held by them, and that after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

DATED this 20th day of September, 1938, at the Court House, CALGARY, Alberta.

D. L. SLOAN,  
Public Administrator for the Judicial District of Macleod.

## KONRAD HENLEIN IS FACED WITH TREASON CHARGE

Prague.—The inner council of the Czechoslovak cabinet ordered arrest of Konrad Henlein, the Sudeten German minority's "Little Fuhrer," on a charge of treason.

Announcement of the action came suddenly after Henlein earlier issued a proclamation declaring Sudeten Germans wanted union with Germany.

The proclamation and the government's countermove apparently brought to an end present possibility of an understanding between the Sudeten German party and the Czechoslovak regime.

In government circles it was said the chances of settling the Sudeten German-Czechoslovak dispute by negotiations had almost vanished. This dispute is the kernel of the conflict between Czechoslovakia and Germany which brought Europe almost to the verge of war.

The cabinet for several hours studied Henlein's proclamation, in which he tolled "this civilized world" the Sudeten Germans "want to return to their home in the Reich."

Then the cabinet decided to submit the evidence to the public prosecutor with directions to bring action against Henlein under provisions of the act for the protection of the republic—the law with which Czechoslovakia defines treason.

Henlein's proclamation had been issued at Eger, Sudeten German city within three miles of the German border. It was first presented to the German official news agency and then was broadcast by German radio stations in Vienna, Leipzig, and Dresden. This procedure brought contexts of the proclamation to the Sudeten area effectively.

It was understood several other Sudeten party chiefs faced prosecution under the same law.

President Eduard Benes issued an order adjourning parliament which chances of settling the minorities dispute had about disappeared.

Earlier the government had extended martial law in the Sudeten areas, bringing about two-thirds of the Sudeten German population of 3,500,000 under military rule.

## Wheat At Churchill

Million Bushels Shipped To Port On Hudson Bay

Winnipeg.—George H. McIvor, chief commissioner of the Canadian wheat board, said the Churchill III elevator now held sufficient wheat to meet this fall's shipments overseas.

"Sufficient wheat has been forwarded to Churchill to take care of present available ocean shipping," he said. "Later shipments will go forward for winter storage and the elevator filled for this purpose."

Mr. McIvor said more than 1,000,000 bushels of wheat had been shipped to the port on Hudson Bay. Three steamers have been chartered to move the wheat.

S.S. Ruby left Newcastle-on-Tyne for Churchill Sept. 8 and is due Sept. 23 to load. She will be followed by the S.S. Daley Sept. 25 and the S.S. Troutpool Sept. 27. The British firm, the Roper Line, operates the vessels.

## Exonerates Company

Judge Rules Canadian National Steamships Responsible For Fire

Vancouver.—Mr. Justice A. M. Manson in Supreme Court here exonerated Canadian National Steamships Ltd., of negligence in a fire which destroyed its docks here August 30, 1930, and dismissed an action to recover \$13,406 damages from the company.

The claim was made in a suit of M. Desbriay and Company, Vancouver brokers, for damages to 1,888 cases of salmon lost in the fire.

The suit was one of 14 actions against the steamship company for a total of \$48,000.

## May Grow Wheat

City Of Edmonton May Use Vacant Land For This Purpose

Edmonton.—A possibility the city of Edmonton may go into the business of growing wheat on its own account was seen as harvesting proceeded on a 5½-acre plot of wheat on city-owned land. The plot was planted under auspices of the city's unemployment relief department.

"More than half of Edmonton's 123 square miles is city-owned vacant area, and the possibilities of growing high-grade grain on even part of the territory is a stimulating one, although we have no definite plans at all yet," said H. F. McKee, superintendent of the department.

The 5½-acre plot, planted with certified Thatcher seed, is expected to yield 30 bushels an acre of excellent grade.

## Affecting U.S. Livestock

Washington State Fighting Sleeping Sickness Among Horses

Olympia, Wash.—The first outbreak of "sleeping sickness" among livestock in Washington was reported by Dr. Marvin R. Hales of the division of dairy and livestock.

About 30 head of horses have been lost in 50 cases, Dr. Hales said. The disease, encephalomyelitis, is localized in Benton and Franklin counties, where farmers have been losing horses and mules for several months, but only recently learned the cause.

The department of agriculture is making an investigation and attempting to work out control measures.

Dr. Hales said about 40 to 80 per cent of animals affected are lost. The department is vaccinating many animals in the district.

## Italy Is Pleased

Rome Paper Has Praise For Action Of Chamberlain

Rome.—Rarely, if ever, since the Ethiopian war has an Italian newspaper spoken so flatteringly of a British statesman as Il Popolo di Roma did in commenting on Prime Minister Chamberlain's trip to see Chancellor Hitler.

The newspaper said that at a moment when Europe is teetering on the edge of a new catastrophe, Mr. Chamberlain intervened with his initiative, truly worthy of a statesman of high European conscience. Il Popolo di Roma interpreted the flying trip to mean Mr. Chamberlain was convinced the Czechoslovak-Sudeten crisis must be settled, not with Prague, but with Hitler.

## Disorders In Palestine

Death Toll For Two Days Reaches More Than Forty Lives

Jerusalem.—Two days of bombings, ambushes and sabotage have reaped a heavy casualty toll among Britons, Arabs and Jews in the holy land.

At least 16 persons, including a British police officer, were killed and 14 wounded in widespread disorders, raising the death toll for two days to more than 40.

The British police officer was killed by a mine explosion near Beisan. The blast also killed three Jews.

Ten Arabs were killed and 10 wounded when a bomb was hurled at a crowded bus on a northern Palestine highway.

## Prairie Crop Value

Estimated At \$278,000,000 For Three Western Provinces

Ottawa.—A total value of \$278,000,000 was placed on the production of the five principal crops in the three prairie provinces this year, in an unofficial estimate.

This is \$35,000,000 greater than the value of the same crops in 1937 given by the Dominion bureau of statistics, which estimated last year's production at \$243,000,000.

The estimate is based on the value of this year's crop at the farm, taking the Dominion bureau of statistics figures for crop production and using current prices at Port William less an allowance for the average freight charge.

## Fire Prevention Week

Ottawa.—A proclamation in an extra edition of the Canada Gazette announced the period from October 9 to 15 of this year will be fire prevention week "to impress upon the citizens the national importance of safeguarding life and property from loss by fire."

## New Appointment

Ottawa.—Retirement of J. A. C. Osborne as deputy governor of the Bank of Canada and appointment of Donald Gordon, present secretary of the bank, to succeed him has been announced.

## Winners At Exhibition

Prairie Provinces Take Top Prizes For Hogs And Sheep

Victoria.—Top prizes for hogs and sheep at the 77th annual exhibition of the British Columbia Agricultural Association here were given to exhibitors from the prairie provinces.

A. C. Weir of Aberdeen, Sask., took the ribbons in the Yorkshire pig classes.

R. B. Hunter of Winnipeg, took the championship in the Oxford down runs in the sheep judging while other prizes in the class went to S. Crossman, another Winnipeg exhibitor.

## TINY REPUBLIC THAT WAS MADE BY WAR TREATIES

London.—Statesmen fear war may be prompted by treaties of the Great War.

Czechoslovakia was formed in 1918 from parts of Bohemia, Moravia, Silesia, Slovakia and Ruthenia which before the war were under the Austro-Hungarian empire.

Population: 15,000,000 including nearly 9,000,000 Czechoslovaks; 3,500,000 Sudeten Germans so named because of the Sudeten mountains among which they live; smaller groups of Poles, Magyars, Ruthenians and other minorities.

Area: 64,000 square miles. The Sudeten Germans live in perhaps 1-20th of this area, the Sudeten regions form the border with Germany. The Sudeten Germans wanted to become a part of Austria at the end of the war. Now extremists among them want to join Germany. The formal demand of the Sudeten German party is for independence in local government at least.

The Czechoslovak government vows it is willing to grant all reasonable demands. It has offered to establish local cantonal governments. These would be German-dominated and include about 2,000,000 of the 3,500,000 Sudeten. The Czechoslovak government refused to relinquish control of foreign affairs, financial and military policy.

The Sudeten say this is not enough. Chancellor Hitler of Germany annexed Austria on March 13, 1938, declaring on Feb. 20 Germany would protect German peoples who were determined "to secure along the borders the rights of general human, political and ideological freedom."

He said that Germany would aid the Sudetens if they needed help to gain their "rights." He admonished the Czech government to reach an understanding with the Sudetens.

The Czechs fear Germany may try to annex at least the Sudeten area as she did Austria. The Czechs are determined to fight should that occur. Czech allies are France and Soviet Russia, and Great Britain has indicated she very likely would be involved if France got into a war.

Germany counts as her particular friends, Italy and Japan, and the three are linked in an accord to fight against world Communism.

## Want To Join Army

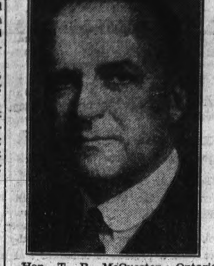

Political Prisoners In France Want To Be Mobilized

Paris.—Political prisoners, accused of planning to start a revolution in France, asked Premier Daladier to mobilize them if war comes.

From prison where they are waiting trial on charges of participating in a revolutionary plot of the C.I.A.R. organization, they wrote: "We put ourselves at your disposal for all military or technical duties in mobilization measures, now or in the future."

## GOOD ROADS PRESIDENT

Hon. T. B. McQuesten, Ontario Minister of Highways, who has been elected President of the Canadian Good Roads Association, succeeding Hon. F. M. MacPherson, Minister of Public Works for British Columbia.

Hon. T. B. McQuesten, Ontario Minister of Highways, who has been elected President of the Canadian Good Roads Association, succeeding Hon. F. M. MacPherson, Minister of Public Works for British Columbia.

## Eskimo Ranchers

Plan To Have Reindeer Herd For Northern Natives

Ottawa.—Canada's northland will soon have something new—Eskimo ranchers—when an agreement now being negotiated between the department of mines and resources and Eskimos is completed.

R. A. Gibson, director of lands, parks and forests branch of the department of mines and resources, just back from a trip to the Northwest Territories, said agreements for a loan of a herd of 800 reindeer to Charlie Rufus and his father, Rufus Lakeauk, were discussed while he was in the north.

The government will retain the ownership of the 800 deer, but the natural increase will be the property of the Eskimos.

The food and clothing to be provided from reindeer herds in northern Canada will serve to augment the ordinary sources of subsistence of the natives, and there is a ready market for surplus meat and hides.

## Receiving Salary Increase

Several Hundred Income Tax Employees Get Pay Boost

Ottawa.—About 700 of the 1,300 employees of the income tax division of the national revenue department throughout Canada will receive salary increases through an extensive reclassification of the division. The reclassification was undertaken by the civil service commission and approved by the treasury board and the government.

No employee in the income tax division has received any salary increase since September, 1935. The reclassification was undertaken, as promised by Hon. J. L. Halsey, minister of revenue, to place employees of the income tax division on the same comparable footing as to classification and salaries as other government departments.

Amount of salary increases was not indicated.

## Zeppelin Trial Flight

Friedrichshafen, Germany.—The new German air giant LZ130, had its first trial flight, filled with hydrogen. The veteran Dr. Hugo Eckener, commander, christened the airship "Graf Zeppelin" by smashing a bottle of liquid air over its prow.

The zeppelin carried 74 persons, of whom 29 were crew members.

## Elevator Destroyed

Lethbridge, Alta.—The 60,000-bushel grain elevator of the Alberta Pacific Grain Company at Iron Springs, Alta., was destroyed by fire of undetermined origin. Approximately 25,000 bushels of wheat in the bins also was destroyed.

## PIONEER SASKATCHEWAN FARMER HARVESTS CROP

In the timber regions of Northern Saskatchewan settlers use whatever means is at hand to harvest their crops. Here a farmer has four oxen hitched to a binder which itself has been better days.

## Paintings Arrive For Exhibit

Work Of Canadian Artists To Be Shown In London

Ottawa.—Five tons of Canadian paintings arrived in London, England, Sept. 13, and remained unpacked at the wharf until a supplementary shipment arrived. They have been uncovered and dusted off preparatory to being hung in a special exhibit at the Tate gallery in London.

In the massive crates are 250 pictures by Canadian artists portraying "a century of Canadian art." The exhibit, to be opened at the gallery by the Duke of Kent Oct. 15, is the first from the British Dominions to be shown at the famed rendezvous of London art connoisseurs.

Gleaned from galleries across Canada and private collections, these paintings are representative works of Canadian artists. Included with the exhibit of water-colors and oils are several outstanding pieces of Canadian sculpture.

The bulk of the paintings were taken from the walls of the national gallery of Canada in Ottawa and the art gallery of Toronto.

## DOMINION WILL STILL PRESS FOR IDLE INSURANCE

Niagara Falls, Ont.—The Dominion government will not relax its efforts to obtain nation-wide unemployment insurance. Hon. Norman Rogers, federal labor minister, assured the Trades and Labor Congress of Canada.

"We will not relax our efforts," he declared. "The setback we received last year (when several provinces declined to agree to amending the constitution to make such a system possible) was a bitter disappointment to you. It was a bitter disappointment to me as minister of labor in a government which was making every effort to secure this by co-operation."

Mr. Rogers recalled that after the privy council ruled the social insurance law of the former Bennett government ultra vires the Dominion government, it became necessary to find out how a system could be devised.

The Dominion sent out a proposal to the provinces for a constitutional amendment. Six of the nine provinces approved the draft amendment to the British North America Act. Three provinces declined for various reasons.

In two provinces it was suggested there was a breach of provincial autonomy involved.

"There is no true justification for saying that there is any breach of autonomy in asking the provinces to co-operate in a measure that is for the good of the people, the good of the labor movement as a whole and, in the last resort, for the good of the province of Ontario," said Mr. Rogers.

The Dominion received a setback in the national unemployment insurance system, "but a setback is not a defeat unless we permit it to be such."

He was hopeful Quebec, New Brunswick and Alberta, which to far had not indicated a desire to assist in bringing about the necessary amendment to the British North America Act, would understand they would be acting in the best interests of the country.

Mr. Rogers said Canadian labor had been protected in all arms-making contracts let by the department of national defence. Fair wage clauses were inserted in contracts wherever it could be done and the labor department asked the British mission that Canadian labor be protected in any Canadian contracts it let.

With an estimated 250,000 bushels of wheat available for export, overseas shipments of 6,878,880 bushels in August represented an increase of some 300,000 bushels over August, 1937.

## Wheat Grades Good

Deliveries To Country Elevators Higher Than Last Year

Port William.—The board of grain commissioners' statistics branch reported new crop wheat delivered to country elevators and loaded for shipment in western Canada totalled approximately 46,000,000 bushels in August. Grades were reported good.

With an estimated 250,000 bushels of wheat available for export, overseas shipments of 6,878,880 bushels in August represented an increase of some 300,000 bushels over August, 1937.

## Movement Is Growing

Calgary.—The movement for "some sort of socialized medicine is growing." Dr. T. C. Routley of Toronto told delegates to the annual meeting of the Alberta division of the Canadian Medical Association here.

Dr. Routley is general secretary of the C.M.A.

## Motor Cannon For Plane

Marlborough Heath, Eng.—The Air Ministry's experimental station here is trying out a single-seated fighting "plane fitted with a motor cannon" which fires small explosive shells at high speed through the engine propeller shaft.

Dutch Food Supplies

London.—A Reuters News Agency despatch from The Hague, the Netherlands, said a bill had been introduced in parliament giving the government extraordinary powers to ensure adequate food supplies in time of war.

## ALBERTA IS NOT TURNING IN BRIEF TO COMMISSION

Edmonton.—Premier Aberhart of Alberta has informed Prime Minister Mackenzie King no useful purpose could be served in turning over the Alberta brief on Dominion-provincial relations to the Rowell royal commission.

Premier Aberhart sent an accompanying letter with 25 copies of "The Case for Alberta" to the prime minister for the "official use of your government" and copies of the letter were issued here.

Judging from press reports, said the premier, it was indicated the publication of the Alberta brief will result in its submission to the Rowell commission, which sat in all provinces to hear representations on Dominion-provincial relations.

"This government is not submitting the province's brief to that body," said Premier Aberhart's letter, "and we are of the definite opinion that no useful purpose can be served by any such action on the part of your government."

"It is the view of this government that far from the commission serving any useful purpose, it is likely to jeopardize an already critical national situation."

"Believing that the urgent need at the present time is orderly economic and financial reform, based on a consolidation of confederation which will yield lasting national unity, this government is submitting Alberta's case to the people of Canada and their several governments as a first step to accomplish impartial consideration, free from the influence of invested interests, to the grave issues which confront our country and this province."

"We earnestly hope that this carefully prepared case will be considered in the spirit in which it is being presented and that it will contribute materially to a solution of the problems which so seriously affect Canada."

Premier Aberhart recalled the Alberta government had, objected to personnel and terms of reference of the commission and declared subsequent events had served to strengthen the government's position.

## Lived In Victoria

Pilot Of Chamberlain's Plane Once Resident Of B.C. City

London.—Commander Charles Pelly, senior pilot of Prime Minister Chamberlain's "peace" plane, was once a resident of Victoria, B.C., where he received his early education.

Commander Pelly is the senior commander of British Airways and has flown more than 1,000,000 miles of the company's European routes, including the night mail service. He served with the Royal Air Force in Egypt in 1931 and for three successive years held the officers' light-heavyweight boxing championship of the Royal Air Force. He was born in India in 1908.

## Wheat Grades Good

Deliveries To Country Elevators Higher Than Last Year

Port William.—The board of grain commissioners' statistics branch reported new crop wheat delivered to country elevators and loaded for shipment in western Canada totalled approximately 46,000,000 bushels in August. Grades were reported good.

With an estimated 250,000 bushels of wheat available for export, overseas shipments of 6,878,880 bushels in August represented an increase of some 300,000 bushels over August, 1937.

Dogs and men are the only animals that dream.

In Southern Alberta, fifty-four elevators were opened up this year that were closed last year.

Seventy per cent of the motor vehicles of the world were registered in the United States in 1936.

Sirett & Co. are decorating the front exteriors of the Orpheum theatre and Blaimore Pharmacy.

The new lumber yard opened up at Lundbreck by P. Kabatoff is reported to be doing a whale of a business.

Dr. and Mrs. Patrick H. Malcolmson, of Edmonton, are visitors for a few days here with the latter's parents, Mr. and Mrs. J. H. Farmer.

Conductor and Mrs. Mike Murphy and daughter Patricia have moved from Macleod to Medicine Hat, where they will make their home in future.

Do you know, there isn't an editor in the world who could fill the positions of editor, premier, education minister and attorney-general at one and the same time, and feel that he was doing justice to the positions.

Major G. H. Schoof, who a couple of months ago was appointed special police officer at Claresholm and Stavely without salary, has collected that amount and left for Kalispell, Montana, where he starts his annual winter lecture tour by caravan through the western States.

A large number of men were sent out on Sunday to fight a forest fire that had sprung up about eight miles north and slightly west of Crow's Nest mountain. Some headed north from Sentinel, while others were taken up through The Gap and Dutch Creek way.

The marriage of Miss Kathleen Alice, eldest daughter of Mr. and Mrs. David Hoyle, of Coleman, to Mr. Leslie G. S. Barrows, younger son of Mr. and Mrs. Barrows, of Milk River, was solemnized at St. Alban's Anglican church, Coleman, on Thursday last, September 15th.

## DENTISTRY

R. K. Lillie, D.D.S., L.D.S.  
Graduate N.U.D.S., Chicago

### HOURS:

Coleman—Morning 9 to 12  
Blaimore—Afternoon 1 to 6  
Evenings by Appointment

### PHONES:

Both Offices 332 — Residence 333

Dr. L. Leuk, formerly of Regina, succeeds Dr. Reinhorn at Bellevue.

**PEKINGESE PUPPIES** For Sale, two months old, pure bred. Apply to F. J. Lott, Cowley.

The Burns-Beaver Mines road is being graded between Lake and Castle River.

Some girls are like a baseball player on third base—always looking for a chance to run home.

South Easthope township in Ontario boasts of outstanding taxes to the amount of only \$293.63.

Frank Swann, of the provincial department of municipal affairs staff, is in town from Calgary this week.

The mercury climbed to 106 in the sun in Blaimore on Friday afternoon last, with 94 registering in the shade.

The Central Canadian Greyhound bus lines plan on erecting a garage at Calgary to cost in the neighborhood of \$12,000.

Give Sir Edward Beatty the keys of the city, and there is no harm done; give some other folks the keys and they'd get drunk.

"Daddy," said the bright child, accompanying his father on a round of golf, "why mustn't the ball go into the little hole?"

A provincial by-election is likely to be held in November to fill the vacancy caused through the death of Hon. C. C. Ross, representing Athabasca.

Instead of sending a bunch of men out to fight forest fires the early part of the week, why not practice a little economy and adopt Mr. Aberhart's system of sitting down, laying down or kneeling down, and praying for rain?

It was evident that not all the registrations on the walls of the post office lobby were made by children. Some were at least seven to eight feet from the floor. An effort is to be made to catch anyone in the act of writing on or damaging the walls in future. Anyone caught will be punished.

A bold attempt at safe blowing was frustrated when a member of the staff of the Natal Trading Co. entered the store at Natal on Monday morning early. The safe had been sealed with nitro-glycerine and blown. They failed to open the door, however, and made a successful getaway with no loot, as far as is known.

## Local and General Items

The Editor will be glad to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, teas, showers, presentations, anniversaries, etc. Phone items in to 11 or hand them in at The Enterprise office not later than Thursday evenings.

Bluebirds have come back to spend another summer with us this fall.

May be the elevator offices constitute the first Alberta "baby banks."

Ten years ago, Major A. E. Godfrey made the first air-mail flight across Canada.

A rumor last week was to the effect that a prominent Albertan had cabled his support to Hitler.

The town of Peace River will borrow \$16,500 for the purpose of erecting a covered skating and curling rink.

A subject to be debated shortly is: "Which is desecrating the Sabbath most, farmers' work or Aberhart's bull?"

Notice is given in the Alberta Gazette that certain lands adjoining the town of Coleman have been annexed to the town.

Mr. and Mrs. Lawrence Nelson, of Blaimore, accompanied by Mrs. DeChene, were Saturday visitors at the home of Mr. and Mrs. Nels Nelson, Vulcan Advocate.

Miss Thomson, of Banff, has accepted a position in the dry goods department of the F. M. Thompson Co. store, succeeding Miss Irene Chappell, resigned.

Pupils of the various schools of the district have settled down to intensive training for the annual Interscholastic Track and Field Meet, to be held at the local stadium on Friday, September 30th.

Edmonton, northern Alberta intermediate champions, failed to keep their engagement with Coleman Cubs on Sunday afternoon last for the provincial football title. New date and place of the games has not yet been decided.

Evidently the fish have left Alberta with the money. Waltonians over the week end reported poor catches—some none at all. But, strange to say, just over the border in British Columbia there are fish galore, and in the banks Alberta money galore.

Constable J. S. Connors, who for but a short while was connected with the local detachment of the R.C.M.P., has been transferred to Medicine Hat, and left for there last week. He is succeeded here by Constable L. B. Fordham, of Medicine Hat.

H. B. Henwood, aged 65, vice-president and general manager of the Bank of Toronto, died at Lake Placid, N.Y., on September the 11th. He was on holiday. He is survived by a brother, George B. Henwood, of the Alberta attorney-general's department.

Down in Newfoundland you will hear such terms as coves, bays, harbors, bites, arms, guts, barrachois, tickles, islands, gullies, etc. Today we read an item in a Newfoundland paper that ran this way: "Died at the arms on Wednesday from dysentery a child of Mr. and Mrs. Joe."

Mr. and Mrs. Harry Burns, of Nelson, B.C., passed through Blaimore over the week end for Calgary. In the course of calling on various friends, Mr. Burns visited The Enterprise and renewed his subscription. Mr. Burns has been a subscriber for a great many years and looks upon The Enterprise as a real household necessity.

Important news over the week end was that of the promotions of Inspectors J. O. Scott and Keith Duncan to superintendents with the R. C. M. P. force. Both were formerly stationed in the Crows' Nest Pass, and well and favorably known. Superintendent Duncan is now located at Sydney, Nova Scotia, while Superintendent Scott is in Calgary.

The donkey baseball experts are now touring Ontario.

This week Bellevue experimented with oil on their main street.

Counting the Social Credit way, 3750 pupils are enrolled at the Blaimore schools.

Wonder if the elevator agents, who are to do banking or handle funds for the government, are bonded?

Mr. Jack Packer, who was stricken ill slightly over a week ago, has recovered and is now quite back to normal.

Rt. Rev. John Cragg Farthing, 77 years, bishop of the Anglican Diocese of Montreal, will resign January 6th, 1939.

Things that couldn't happen: The Stavely Advertiser states that Aberhart's car and trailer was parked for a short time on Thursday morning in front of the Stavely Meat Market.

Every man, woman and child in England and Wales pays an average of over 44 a year in local rates. This compares with 22 a head just after the war.

Blaimore has no such thing as a horseshoe pitching association to mar the health of the community. All horseshoe pitchers should be thoroughly sterilized.

Fat's bowling and billiard emporium was reopened on Monday morning, following a complete interior decoration by Sirett and Serra, of the Britannia Paint Works, Bellevue.

Establishment of a new provincial marketing board and appointment of George A. Clach, of Medicine Hat, as its chairman, was announced by Hon. E. C. Manning the early part of the week.

We saw a case of eggs being graded last week by an individual who had no license to do it. He simply dumped them over the side of the wagon and they rolled down the grade to the ditch.

That silly grin on our face this week got there just because we happened to be standing beside a lady in a store two days previous when she ordered a tin of cock-eyed salmon. It sounded as if someone had made a sockeyed mistake or something.

Work of dredging and repairing the cribbing along the Blaimore section of the Crows' Nest River is proceeding satisfactorily under Contractor J. S. D'Appolonia. In this work, quite a number of the unemployed of Blaimore have been given work.

Playing at Claresholm on Sunday last, Chick Roughhead, of Coleman, and Miss Stewart, of Claresholm, won the southern Alberta championship in mixed doubles tennis against the challengers, Mrs. Wilson and Addie Donaldson, of Lethbridge, 6-0, 3-6, 9-7.

Drs. Sirett & Serra received a call the early part of the week to the local post office, which has since been neatly decorated. A warning should be issued to youngsters and youth to refrain from marking up the walls. They can be known without registering.

The many friends of Mr. S. J. Lamey, who a few weeks ago had the misfortune to trip and break a leg above the ankle, will be glad to learn that he came out of hospital the early part of last week and is doing nicely at his home.

A new agreement has been reached between officials of the U.M.W. of A., District 18, and Lethbridge Collieries, whereby day-wage rates for workers receiving less than \$5 will be increased 10 per cent, rates over \$5 five per cent, and 7½ per cent increase in loading rates.

Another attempt is being made to "get even" with the banks.

A serpent is considered wise because you cannot pull its leg.

Lionel Fournier has left Pincher Creek to enter the University of British Columbia.

Grass lunches in the Pincher Creek district are believed to be responsible for an epidemic of hay fever.

Jimmy Miller, old-timer of the Pincher Creek district, has returned from a holiday visit to Vancouver.

It was interesting a few nights ago to witness a race between an airplane and a shooting star. The star won out slightly.

Has anyone any data on just when this Indian summer commenced?

Wonder how long before the baby banks will have grown up so we can see 'em.

An act to prevent the drafting of silly ultra-vires legislation in Alberta would be in order.

There was a time when Tim Buck came near receiving the keys of the City of Blaimore.

Mr. Sullivan, a fruit "magot" of the Creston district, is a visitor to town today. He reports having had a successful season, and that considerable of his crop has been marketed in this district.

The Livelihood of Every Man, Woman and Child in the Mining Towns of the Crows' Nest Pass depends on the production of

## - COAL -

The Railways are by far the Largest Consumers of Coal from this district.

It follows, therefore, that every passenger or article carried by bus or truck means so much less coal consumed by the Railroads, shorter working time and lower earnings of those employed in the Coal Industry.

WHEN YOU USE THE RAILROADS — you are assisting yourself at the same time
